me: wow
Caleb: That's my tease for the c-block.
8:18 PM **me**: that's actually really, like, 100 percent
pretty much perfect in the Platonic sense of embodying some aspect
8:19 PM **Caleb**: It's my chef d'oeuvre.
8:23 PM **me**: oh, man
that fellow
John Penley
who's helping me inteface with all the celebrities and activists
8:24 PM I've gotta keep him as least associated with the project as possible

8:25 PM his status
Caleb: Rolling Stones are gonna roll over a die.
Caleb: Nazi punks, fuck off!
me: forgot about the first quote there
Caleb: Actually, what I meant to say was that they're going to roll _and_ die.
Caleb: The original was just a typo.
